5:00 PM – 10:00 PM

Globe Hill at Ronnybrook Farm
In The Hudson Valley, Pine Plains, NY
(Just 90 Miles North Of New York City)

Our Mission Statement:

Our mission is to raise awareness about rare disorders, and to raise funds to support research and treatment for children who have been diagnosed with a rare disorder. We host special events to achieve this goal, and rely on the generosity of individuals, foundations, and corporations to bridge the gaps between financial needs and resources for our benefactors. Ultimately, we seek to raise the kind of awareness necessary to promote early diagnosis and intervention in honor of children like Colton. This year we are honoring a little girl named Maddie who has juvenile dermatomyositis.
